

ENGINE HOUSE HISTORY

Engine House #4, built in 1900, was the original fire station of the Havelock district. This building was home to a horse drawn fire team. After 70 years, the fire station moved to Fremont and Touzalin Streets. The building soon housed The Salvation Army Thrift Store for a short period in the 1980s. The wood ceiling, accenting the entire building, is a 1900 original. The two large wooden beams at the entrance are what's left of the Bell Tower. A covered hole still shows the tower entrance.

The memorabilia throughout the cafe came from retired and active firemen, their families and friends. The Engine House was renovated in early 1995 and The Engine House Cafe opened in June 1995.

Sit back, relax and enjoy your meal.
We're glad to have you as our guests!
